13 Describe Proposed or Completed Operation. Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection)

Yates Petroleum Corporation wishes to amend the Surface Use Plan for the captioned to include one three phase raptor proof 480 volt powerline. The powerline will be approximately 285' in length coming off of an existing east west powerline. The proposed powerline will run north to the llama ALL Federal #9H well location. The entire length of the powerline is on Federal surface. Please note attached plats.

Thankyou.
