Brian Wall Linn Energy 2130 West Bender Blvd. Hobbs, NM 88240

RE: North Benson Queen #41 - Site Activities for Reclamation Section 33, T18S R30E API 30-015-10152

Mr. Wall,

The, caliche pad, and lease road at this site were previously removed. Detailed herein is a summary of seeding activities at the site by Diversified Field Service, Inc. (DFSI) following the removal of the well and caliche pad. On August 7, 2013, DFSI personnel tilled the site, and broadcast a total of 125 pounds of Lesser Prairie Chicken seed over the entire area. The seed was then tilled into the soil. (See Site Photographs).

Thank you for allowing DFSI to assist you in this matter. Please call me with any questions and/or comments.

Sincerely,

Amy C-Ruth Environmental Director Diversified Field Service, Inc. 315 S. Leech Hobbs, NM 88240 Office: (575)397-6437 Mobile: (575)390-5454 Fax: (575)393-2981
