RE: Turner B #001 - Site Activities for Reclamation

Section 17, T17S R31E

API- 30-015-05181

Mr. Wall,

The well and caliche pad at this site were previously removed. Detailed herein is a summary of seeding activities at the site by Diversified Field Service, Inc. (DFSI) following the removal of the well and caliche pad. DFSI personnel removed the caliche from the surface of the lease road for future use. On January 13, 2014 a total of 75 pounds of Lesser Prairie Chicken seed was broadcast over the entire area. The seed was then tilled into the soil. (See Site Photographs).

Thank you for allowing DFSI to assist you in this matter. Please call me with any questions and/or comments.

Sincerely,

Amy C. Ruth
