13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

BOPCO L.P. will not utilize mud loggers on the Poker Lake Unit #432H as stated in the approved APD due to the close proximity of the Poker Lake Unit #341H. The PLU #343H is approximately 750' away from the PLU #432H. The mud log data from this well as well as others within the area have outlined the casing points required for the Poker Lake Unit #432H.
