13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Burnett Oil is requesting permission to build an emergency pit at the Jackson B 75 well. While drilling we encountered a water flow of 1500 BBLS per hour at 540', increased to 2000 bbls per hour at 700' and increased to 3500 bbls per hour at 1040'. The emergency pit will be on the south side of the location and will be 100'x 100' and 12' deep. It will be lined with 30 mil plastic.

Spoke with BLM/Jim Amos on 6/3/14 and verbal permission was given to build the pit. OCD has also been notified.

Accepted for record

NMOCDCP/2/14

* Closure to be in accordance w/ NMOCDCP guidelines.

14. I hereby certify that the foregoing is true and correct.

Electronic Submission #247992 verified by the BLM Well Information System
