Lime Rock would like to build this well's tank battery on its well pad. The entire location will be earthen bermed, and the tank battery containment will hold 1.5 times the volume of all vessels in the containment. There will be no interim remediation due to the tank battery. BLM Natural Resource Specialist, Indra Dahal, has agreed to this plan. As requested by Mr. Dahal, the surface plan (page #4 from the APD) has been attached to this sundry.

Includes: Spills control plan. Indra Dahal.

Surface: Ok. No new disturbance is anticipated. Indra Dahal 2/12/15
