An Agave sales meter is going to be set to take gas from both Parkway Leases in the event DCP is not able to process our gas. This should hopefully prevent us from having to flare. Each well has a dedicated allocation check meter that will be used for allocation purposes.

Hi Ed,

I've attached a map out of google earth with the lat/lon location, hopefully that is sufficient. The meter will be located right next to the existing Agave sales meters for the Osage 34-5H/6H and the Parkway 36-3H/4H/6H. The meter number is 14212. Please let me know if you need any more information.

Thank you,

Lisa Hunt
