| | <input type="checkbox"/> Change Plans | <input type="checkbox"/> Plug and Abandon | <input type="checkbox"/> Temporarily Abandon | Change to Original A PD |
| | <input type="checkbox"/> Convert to Injection | <input type="checkbox"/> Plug Back | <input type="checkbox"/> Water Disposal | |

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

ConocoPhillips respectfully requests to enlarge the Golden Spur Facility 150' to the North making the facility pad a total of 450' x 250'. ConocoPhillips would also like to re-route the pipeline that extended from the Red Hills West B Compressor. The pipeline will no longer go from the compressor to the tie in point at the Nuevo pipeline, instead the pipeline that ties into Nuevo will follow the road and enter at the south of the facility. There will be 198' of pipeline on BLM land and 1746' on private land totaling 1944' of pipeline. Attached is the preliminary plot plan for the facility expansion and plats for the pipeline re-route.
