Disposal of Produced Water From Federal Wells Conditions of Approval

Sundry approval is subject to the following conditions of approval:

1.	This agency shall be notified of any change in your method or location of disposal.
2.	Compliance with all provisions of Onshore Order No. 7.
3.	This agency shall be notified of any spill or discharge as required by NTL-3A.
4.	This agency reserves the right to modify or rescind approval whenever it determines continued use of the approved method may adversely affect the surface or subsurface environments.
5.	All above ground structures on the lease shall be painted Shale Green (5Y 4/2), or as per approved APD stipulations. This is to be done within 90 days, if you have not already done so.
6.	Any on-lease open top storage tanks shall be covered with a protective cover to prevent entry by birds and other wildlife.
7.	This approval should not constitute the granting of any right-of-way or construction rights not granted by the lease instrument.
8.	If water is transported via a pipeline that extends beyond the lease boundary, then you need to submit within 30 days an application for right-of-way approval to the Realty Section in this office if you have not already done so.
