	<input type="checkbox"/> Change Plans	<input type="checkbox"/> Plug and Abandon	<input type="checkbox"/> Temporarily Abandon	
	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Chevron U.S.A. Inc. respectfully requests approval to build a small access road and pad for DCP at the Rustler Bluff 33/34 CTB. Due to the existing facility spacing/pad elevation we are not able to access DCP's meter location for maintenance. We request to build a 14'x235' access road near the west edge of the existing facility pad to a 35'x35' meter pad where DCP sales meter will sit (see attached plat).

Also attached is the original Arc and EA for the existing facility pad.

Any questions/concerns should be directed to Christopher Smith, Facilities Engineer, Chevron, at 432-687-7249, or email at Christopher.smith@chevron.com.
