13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

BOPCO, L.P. respectfully requests to drill and abandon the Poker Lake Unit 486H prior to skidding the rig for a redrill.

After making connection while drilling the 24? surface hole at 245?, we racked backed drill pipe to pick up additional drill collars and the hole became tight at 211?. We had full returns and attempted to fish the BHA with no success for five (5) days.

Top of Fish (BHA): 207?  
TD of Surface Hole: 245?

This is an open hole. Conductor csg was set at 90? and cemented. No water has been encountered during drilling.
