<input type="checkbox"/> Final Abandonment Notice	<input type="checkbox"/> Casing Repair	<input type="checkbox"/> New Construction	<input type="checkbox"/> Recomplete	<input type="checkbox"/> Other
	<input type="checkbox"/> Change Plans	<input type="checkbox"/> Plug and Abandon	<input type="checkbox"/> Temporarily Abandon	
	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

This well was plugged and abandoned on 3/21/2018.

This sundry is in response to Notice #19RGW01 by Robert Girndt.

All reclamation possible has been completed. DCP has removed their meter tube but have not removed their riser. Please see attached GIS diagram.

They have been requested several times to remove all before the 12/8/18 deadline of Notice #19RGW01, but at this moment it is still on location.

Please see scan of emails to DCP.

Thank you.

**Subject:** RE: [EXTERNAL] RE: Todd 23A Federal 38 - Riser

Good morning.

The Devon reclamation is complete on the Todd 23A Fed 38 except the DCP riser that has not been removed. The meter tube was removed.

Our first of three requests was emailed 6/19/18. I know it is very busy for all of us, but we have a BLM Notice of Non-Compliance due **12/8/2018**. Please advise.

Thank you for your assistance.

Clay/Hack,

Can you please provide an update on when we can get this removed?

Thanks,

Subject: Todd 23A Federal 38

Chris Nevils, the Todd 23A Federal 38 has a DCP meter tube and riser that need removed. Meter tube is in the way for us to preform reclamation. We are at our dead line with the Blm. (Third notice). Thanks, Norman Faver
