13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

EOG Resources, Inc. ("EOG") respectfully requests a one year (1) extension of the Application For Permit To Drill the subject well.

The permit extension will provide EOG with additional time to schedule a drilling rig.

Dear APD Permittee:

Please be aware that this APD is within Lesser Prairie Chicken habitat and as a result of the settlement in a lawsuit between BLM and the litigant, we will be unable to approve any requests for exceptions without further environmental analysis which could take up to 30 days. Consequently, it is advisable to schedule drilling within Lesser Prairie Chicken habitat outside the March 15th to June 15th timing restrictions in order to avoid a delay if a request for an exception becomes necessary.

If you have any questions regarding this lawsuit or the requirements as a result of the settlement, please contact Jim Stovall (505)234-5981, Dorothy Morgan (505)234-5951, or Don Peterson (505)234-5925.

Sincerely,

/s/ James Stovall
