13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work and approximate duration thereof. If the proposal deepens directionally or recompletes horizontally, give subsurface location and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirement, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection)

**Jim Amos as per our conversation 12/18/2006 in regards to Notice of Written Order 07-PE-010**

As an oversite on Devon's part in reading the COA on the APD we have inadvertently set three 16' tanks at this location. Devon requests to leave the existing tanks in place as it will require 6 low profile tanks to hold the equivalent production. We believe this will create less of an impact as it may require additional room to set the 6 tanks and may not allow us to significantly down size the location.

14. I hereby certify that the foregoing is true and correct
