13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Lime Rock Resources proposes to deepen the well 100' (to 3600') to provide additional ratthole to facilitate the completion of the well. The casing and cementing program will remain the same w/ the cement for the 5 1/2" production string circulated to surface. The completion interval will remain the same.

BLM Bond No. NMB000499

Drilling is anticipated to start Nov. 17, 2008 and last approximately 10 days.
