13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompletes horizontally, give subsurface locations measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

At this time Devon Energy wishes to inform you that we are changing the drilling program for the Nagooltee Peak "5" Federal #7 from a proposed vertical drill to directional with the chosen bottom location as indicated on the plat. Attached please find the following.

1. Well Location and Acreage Dedication Plat (NMOCD form C-102)
