*LAST PRODUCTION REPORT 8/1/07*

Plans are to convert this well from an oil well to an injection well (SWD) at a later date. We are requesting the OCD to allow Basic Energy Services, LP to Temporarily Abandon (TA) this well bore. At such time a decision is made we will make application to the OCD to re-permit this well as an injection well or we will submit the required paper work to plug and abandon this well.

\*\* Please advise on any procedures to properly TA this well per OCD requirements.

*REFER TO OCD RULES 19.15, 25.12 - 14*

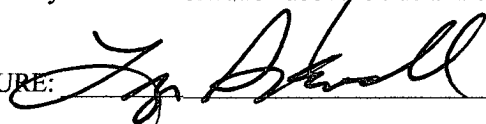

*TA STATUS WILL BE GRANTED AFTER A SUCCESSFUL MIT TEST.  
CONTACT THE OCD TO SCHEDULE THE TEST SO IT MAY BE WITNESSED.*

RE: Inspection #iREH0909638890 - Belco #2 API# 30-015-25433

Dear Sirs;

In response to your inspection listed above, Basic Energy Services, LP is submitting the attached Sundry Notice on this well. We are asking the OCD to allow us to Temporarily Abandon (TA) this well. Basic Energy Services is evaluating the potential of this well for an injection well for salt water disposal in the future. Once a decision is made we will file the appropriate paper work to convert this well from an oil well to an injection well. If we determine that there is not a need for this well as an injection well, we will submit the appropriate paper work to plug and abandon this well.

Should you have any questions regarding this matter or need any additional information, feel free to contact me at my office at (432) 571-8106 or on my cell at (432) 238-9579.

Thank you for your time in this matter.

Sincerely,

Lyn Sockwell  
Director of Environmental  
Basic Energy Services
