We are unable to sell gas off this lease at this time due to the only gas company line in the area, refusing the gas due to high nitrogen content. Frontier Energy plans to run a line through this field in the near future, and they will accept the gas. We shot a fluid level on this well, fluid level, or salt ring is at 1136' top perforation is at 1221'

Therefore I request that this well be placed in TA status. The OCD cannot approve this. This is a Federal well. Please submit to BLM on a Federal form

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
