13. Describe Proposed or Completed Operations (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once Testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Yates Petroleum respectfully requests permission to make the following changes to this well:

Nipple up the BOP on the 8 5/8" casing rather than the 11 3/4" casing. If no 8 5/8" casing is run, then BOP will be nipped up on the 11 3/4". Yates also requests permission to pump calculated amount of cement to tie back 250' into surface casing.

Verbal approval given by Armando Lopez, BLM on 1/22/04

Thank-you,

14. I hereby certify that the foregoing is true and correct
