13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Closed drilling pit and reclaimed pad and private portion of the road as per land owners specifications and the 900' of road on Federal surface as per BLM specifications. Seeding has not been done, but will be completed week of December 18, 2006.

Drilling pit was closed by digging an adjacent lined (12 mil) trench, transferring drilling pit cuttings to the trench, capping the trench with a 20 mil liner, capping the trench and liner with 3 feet of soil and covering the drilling pit with 3 feet of soil. This closure was according to NMOC D guidelines and was previously approved.
