17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

It is proposed to convert this well to water injection by the following procedures.

Clean out to 2633' if needed. Run G P/N log with caliper log. Run 2 3/8" cement lined tubing with packer and tailpipe. Set packer at approx 2430' with tailpipe to 2630'. Place well on injection. Work to start by approx. July 1, 1969.

Commission order NO. R-3756 authorized us to inject water into the Forest Pool.

18. I hereby certify that the foregoing is true and correct
