17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

We propose to convert this well to water injection service by running a R-4 tension packer on tubing and setting the packer at a depth of approximately 2,980' which is 50' above the top of the pay zone.
