Undesignated Pool

Gentlemen:

Thank you for your prompt response to our request for a current well status report.

However, the latest information we have on the above captioned wells, are Intents to Plug and Abandon.

Could you please send a copy of the Sundry Notice you filed with the federal office, when you plugged the wells, so that our files will be current?

Thank you for your help and co-operation in this effort.

Very truly yours,

  
Leslie A. Clements  
Supervisor, District II
