The elevation of the derrick floor above sea level is 3609 ft.

## DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

The above well was temporarily abandoned on July 1, 1956.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
