Gentlemen:

Our letter of June 1, 1961, stated that we moved 1002 bbls. of oil from our Dow "B" Lse. Well Nos. 1-28-30-31-32-33-34 35-36 and Lynch "B" Lse. Well Nos. 2-3-4-5-6-7, Grayburg Jackson Pool, Eddy County, New Mexico, to our Dow "A" Well No. 9, Sec. 15-17S-31E, Grayburg Jackson Pool, Eddy County, New Mexico. We now find that we actually moved a total of 1518 bbls. of oil during the month of May 1961.

The oil will be used for development purposes and will be recovered.

Yours very truly,

  
H. E. Aab
