Attention: Mr. R. C. Brandon, Sec.-Treas.

Dear Sir:

Please find enclosed herewith your approved copy of Form C-104 on which you are requesting an allowable increase for your Foster No. 1-A well in Unit #2, Section 17-17S-31E, Grayburg-Jackson Pool, Eddy County, New Mexico.

These forms were mailed to the Oil Conservation Commission at Santa Fe and were forwarded from Santa Fe to this office for approval, which has caused some delay in getting your allowable increase.

If at any time in the future you may need an increase in allowable for an old well which is already on the proration schedule, you should make your request by letter direct to Mr. A. L. Porter, Proration Manager, P. O. Box 2045, Hobbs, New Mexico, and the allowable increase will become effective on the date that the Proration Office receives your request.

We are still holding your C-110, Authorization to Transport Oil, on your Foster No. 8-A until you return the C-104, Request for Allowable, on it.

Yours very truly,

L. A. HANSON
Supervisor, Oil & Gas Inspector
