Re: Foster A Lease  
Well No. 6—G, 17-17-31

Gentlemen:

It has been called to our attention by the U.S.G.S. that the subject well is apparently erroneously listed in the Fren (Seven Rivers) Pool and should actually be designated in the Grayburg-Jackson (Queen-Grayburg-San Andres) Pool. Please check your records and then either file Form C-110 changing the pool designation from Fren to Grayburg-Jackson or information showing that the well is actually completed in the Fren Pool.

Very truly yours,

OIL CONSERVATION COMMISSION
