FORM C-103
(Rev 3-55)

MISCELLANEOUS REPORTS ON WELLS

(Submit to appropriate District Office as per Commission Rule 1106)

Name of Company Fair Oil Company				Address Box 689, Tyler, Texas			
Lease North Loco 36 (State A)	Well No. 7	Unit Letter I	Section 36	Township 17S	Range 29E		
Date Work Performed April, 1963	Pool Loco Hills			County Eddy			

THIS IS A REPORT OF: (Check appropriate block)

- ☐ Beginning Drilling Operations
 ☒ Casing Test and Cement Job
 ☒ Other (Explain):
☐ Plugging
 ☐ Remedial Work

Detailed account of work done, nature and quantity of materials used, and results obtained.

In drilling this well it was found that water flood water had invaded the 6 foot section of the Loco Hills sand. Because of this condition, it was decided to drill this well to the Premier sand to justify setting casing. A six foot section of very tight sand was encountered in the Premier Zone.

On April 25, 5 1/2", 14 lb. seamless J-55 casing was cemented through the Loco Hills, Metex and Premier Zones to a depth of 3070' with 135 sacks of cement and using Halliburton equipment.

We plan to perforate the casing in the Loco Hills sand and sand frac and try to produce the well from this zone at this time.

RECEIVED

MAY 3 1963
