INSTRUCTIONS

This form is to be filed with the appropriate District Office of the Division not later than 20 days after the completion of a new, extended or deepened well. It shall be accompanied by one copy of all electrical and radio-activity logs run on the well and a summary of all tests conducted, including drill stem tests. All depths reported shall be measured depths. In the case of directional wells, both true and vertical depths shall also be reported. For multiple completions, items 25 through 29 shall be reported for each completion. This form shall be filed in quintuplicate except on state land, where six copies are required. See Rule 1105.
