Re: P & A Royal "A"
#1-K, 16-20-25
Eddy County, N. M.

Gentlemen:

We are in receipt of Subsequent Form C-103, indicating that subject well location has been cleaned up. An inspection of this location was made 11-10-75; and the following must be accomplished prior to the release of your plugging bond:

1. The legal description must be stamped or welded on the dry hole marker.
2. A square cement block west of well should be buried or hauled away.
3. Area of pits - north and east of well should be levelled.

Please notify this office in writing upon completion of the above mentioned work in order to avoid needless inspection trips to this location.

Sincerely yours,

Leon Bergstrom
Oil & Gas Inspector
