Re: Dagger Draw Upper Penn, North
Dagger Draw #1 Well

Dear Mr. Gressett:

In April, 1979, we changed out the packer
and gas lift valves.

This resulted in an increase of production
as follows:

	Inc./bbls per day	Overproduction
May, 1979	13	397
June, 1979	16	489
July, 1979	17	504

Accordingly, we are requesting an increase of at
least 25 bbls per day oil allowable.

Thank you for your prompt attention to this
matter.

Respectfully,

ROGER C. HANKS
