17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

We propose to re-enter for salt water disposal and clean out the plugs at 620'-720' inside the 8 5/8" casing.  
We plan to use 50 sacks of cement from 1250' - 1350', and test the 8 5/8" casing at 500#, use 80 sacks cement from 3930' - 4130', 40 sacks cement from 6800' to 6900' and 35 sacks cement from 7740' - 7840'.  
We will then drill out to 8200' and set 5 1/2" casing to 8200'.  
Then we will cement back to 7600', test casing, and perforate at 7835' - 8130'.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
