- A. Applicant, Anadarko Petroleum Corporation,
whose address is P.O. Drawer 130, Artesia, N.M. 88211-0130,
hereby requests an exception to Rule 306 for 90 days or until
September 22, 19 87, for the following described tank battery (or LACT):
Name of Lease Osage Name of Pool N. Dagger Draw Upper Penn.
Location of Battery: Unit Letter G Section 21 Township 19S Range 25E
Number of wells producing into battery 1
- B. Based upon oil production of 0 barrels per day, the estimated * volume
of gas to be flared is 0 MCF; Value 0 per day.
- C. Name and location of the nearest gas gathering facility:
Feagan's Dagger Draw Gas Plant NW/4 22-19S-25E
- D. Distance zero Estimated cost of connection already connected

This well has been SI due to excessive expenses associated with producing such a large amount of water and a very small amount of oil.

I anticipate filing a Notice of Intent to P&A in the very near future.

Therefore, this is not an "Application for Exception to No-Flare Rule 306" but instead a notice that we no longer plan to flare any gas from this well.

- F. I hereby certify that the rules and regulations of the Oil Conservation Division have been complied with and that the information given above is true and complete to the best of my knowledge and belief.
