~~Boyd Atoka Morrow~~

Dear Sir:

This letter is in regard to the above captioned well. According to our records, the above well is producing from both the Atoka and the Morrow formations without an approved commingling order from our Santa Fe office. This well is to be shut in immediately until the proper forms have been filed with Santa Fe. Our office will then be notified and you can begin production at that time.

Your cooperation in this matter will be greatly appreciated.

Sincerely,

Darrell Moore
Geologist
