RE: Cedar Hills ~~Unit~~ T21S R27E NMPM

Dear Sirs:

We respectfully request the pool name changed from Cedar Hills Wolfcamp Gas to Cedar Hills Upper Pennsylvanian Gas, for the following reasons:

Our Geologist determined the production from perforations 9558-9569 is from the Upper Pennsylvanian formation on well log correlation.

Also the gravity of the gas and condensate, and the appearance of the condensate is similar, to other Upper Pennsylvanian Gas distillate production in the area.

We further request 320 acre spacing for said Cedar Hills-Upper Pennsylvanian Gas Pool.

Yours truly,

Harvey E. Yates
