Dear Pete:

This will acknowledge receipt of your letter of April 8th regarding bond protection for the George Etz et al Well No. 1 Well in NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 36, T. 20 S., R. 28 E, and enclosures. On taking up this matter with Mr. Carl Livingston, I find that it isn't feasible to include this well under the bond of George Etz and F. G. Keys. A new bond should be submitted covering this well, which should have as principals the proper party to assume the responsibility. I judge from the correspondence that this is Mr. Neil H. Wills, instead of George Etz, et al.

The bond should be in the amount of \$1500.00 and it may be a personal bond. The writer of this bond will of course involve no premium expense as is true of the Surety Company Bonds.

Very truly yours,

E. H. Wells
