Mr. A. S. Arrader
P. O. Box 698
El Paso, Texas

Dear Sir:

This will acknowledge receipt of your letter of May 21st, and the bond referred to. You are advised that we find the bond satisfactory.

Instead of sending Form SC-131 to me, please deliver it to Mr. Hunter, who will approve it if he finds it satisfactory. All reports of the State Geologist which you may fill out in the future should be direct to Mr. Hunter.

For your proposed well to test the Getty sand in Sec. 15, T. 21S., R. 37 E., a bond in the amount of \$2,000.00 will be adequate. This bond can cover not only the features over which the State Geologist has supervision but also protection of surface rights. In the past a bond in the amount of \$2,000.00 has been required for the surface protection alone. I am pleased to know that you may wish to submit a regular surety bond instead of a personal bond for this well. I believe you have a form of bond which will be satisfactory to this office.

Enclosed is one copy of the bond which accompanied your letter of May 21.

Very truly yours,

EH.:F

Enc.

E. H. Wells,
State Geologist.
