Hobbs, New Mexico

Re: Big Eddy Unit No. 2 P,
19-21-28

Gentlemen:

This office is preparing some Capitan Reef cross sections and would be most appreciative if you could furnish us with a sample description or a copy of the sample log for the subject well to a depth of 3500 feet. Any information furnished will be returned if so requested.

Your cooperation in this matter will be greatly appreciated.

Very truly yours,

OIL CONSERVATION COMMISSION

R. L. Stamets
Geologist
