O. C. G.  
ARTESIA, OFFICE

Dear Mr. Stamets:

This will acknowledge receipt of your letter dated  
February 2, 1967.

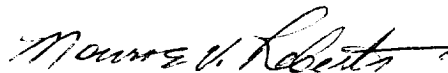

We ran our packer leakage test on this well on June  
23rd, 1966 and an attempt was made to run a Multi-Point Back  
Pressure Test on this Upper Penn, but the pressure would not  
stabilize and would bleed down to zero on a very small choke.

We wrote you a letter on May 31, 1966 in regards to  
this situation and gave you the Upper Penn production for  
the following months:

February, 1966	546 MCF
March, 1966	0 MCF
April, 1966	587 MCF

Yours very truly,

PENROC OIL CORPORATION

Monroe V. Roberts  
Production Superintendent
