(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimate date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Chevron designated Oryx as the sub-operator of the subject well for the purposes of drilling and completion operations. The work was handled in this manner, since Chevron is the Bogle Flats Unit operator and does not have a working interest in the well. Effective July 22, 1995, Chevron became the operator of record for this well.

Since Chevron is Unit operator, we are not filing a Lease Operator Statement.
