RECEIVED

JUN 30 1975

O. C. C.  
ARTESIA, OFFICE

June 1, 1975 Out of the light clay now back in lime rock. Still caving in you can hear it fall after you. Came out of hole to bail.

June 3, 1975 Made about 6' of 12" hole, worked 5 hrs. Hole still giving trouble.

June 6, 1975 Stuff still falling in. Broke drill line again but back drilling again are trying to.

June 7, 1975 Only 2 hrs. Sure needs casing.

June 9, 1975 Made some hole didn't measure out. stuff still falling in.

June 10, 1975 It hasn't caved in all together but you can hear stuff falling in after tools are out of hole. Sure slow drilling.

June 11, 1975 Am down 420' with hole. 350' of 17" and 70' of 12" hole to be reamed. Have a sample of some.

June 12, 1975 Made some hole today it is hard drilling in a white formation. looks like lime.

June 13, 1975 Made some hole tough going in hard lime rock Mr. John Wilsher came out to well today.

June 14, 1975 Worked 4 hrs. today still in lime rock made about 3' hole. still hard drilling.

June 15, 1975 Shut down

June 16, 1975 Only worked 3½ hrs. made some hole. It is still sluffing off in hole.

June 17, 1975 2 hrs.

June 18, 1975 Worked 4½ hrs. went out of lime rock into red clay 440' - 12" hole.

June 19, 1975 Drilled 3 hrs. this morning lost bit off. Shut down to go after fishing tools.

June 20, 1975 Working on fishing tools, welding and remodeling them for the fishing job worked 4½ hrs.

June 21, 1975 Have been fishing for 12" bit all day. Got it out just before 4:00 p.m.

June 22, 1975 Went to church didn't go out to well.

June 23, 1975 2 hrs. will try to make more time on job this week.
