

INSTRUCTIONS

This form is to be filed with the appropriate District Director of the Bureau not later than 30 days after the completion of any newly-drilled or deepened well. It shall be accompanied by one copy of all observed subsurface activity logs run on the well and a summary of all hydraulic tests conducted, including drill stem tests. All depths reported shall be measured depths. In the case of directionally drilled wells, true vertical depths shall also be reported. For multiple completions, Items 22 through 34 shall be reported for each zone. The form is to be filed in quadruplicate except on state land, where six copies are required. See Rule 1005.
