ARTESIA OFFICE

Attention: Mike Williams

Dear Mr. Williams:

Subject: Nash Unit #2
Sec 18, T23S, R30E
Eddy County, NM

We received your letter dated September 30, 1981 requesting a packer leakage test on the above referenced well. A workover is planned on the Nash Unit No. 2 to remove a stuck BHP bomb from one side and to repair a tubing leak on the other side of this dually completed well.

We will run a packer leakage test as soon as the workover is completed.

Very truly yours,

MESA PETROLEUM CO.
