Gentlemen:

A recent field inspection trip showed on your Swearingen #1 that the P & A marker was in error. The marker read 1980 FNE.

The marker on the Eastland - Brantley #1 did not have the unit letter or footage recorded.

If you will notify me when these corrections are made, we will re-inspect these wells in order to approve the final plugging report.

Sincerely yours,

  
Mike B. Williams  
Oil & Gas Inspector
