Gentlemen:

We hereby acknowledge receipt of a Notice of Intention to Plug and Abandon the subject well. However, the logs and additional reports will be required prior to approving a plugging program.

Please submit Form C-103 reporting setting and cementing the 4½" liner, all perforations, treatment and results of same, showing the squeeze jobs and bridge plugs set and a set of logs. Also, advise as to the approximate amount of 7" casing to be recovered.

Some open hole plugs will be required and they will be determined upon receipt of the logs.

Further, according to our records, the 9 5/8" was circulated, therefore none of it will be recovered.

If you have any questions concerning this matter, please feel free to call upon me.

Sincerely yours,

W. A. Gressett
Supervisor, District II
