Re: Multi Point Test - Federal "AI" No. 1

Energy and Minerals Department
Drawer DD
Artesia, NM 88210

Gentlemen:

Due to a packer leak and possible tubing collapse in our Federal "AI" Com. No. 1, located in Unit J, Section 34, T-24-S, R-28-E, a workover must be performed before a Multi Point Back Pressure test can be run. The test will be submitted as soon as possible after the repairs have been made.

Yours very truly,
