P.O. Box 1778
Carlsbad, NM 88220

Attn: Barry Hunt

Dear Barry,

Per our conversation this date, please find attached a revised location plat moving the subject well 100' to the west of the previously staked location.

Please include this plat with the Phillips Petroleum Company's application to drill and return the approved application as soon as possible.

Thanks for your assistance.

Yours very truly,

Joy L. Maples, Assistant
Regulation and Proration
