Dear Mr. Harroun,

According to last weeks Scout Report these wells have been Temporarily Abandoned. Upon checking, both wells were found to be open and standing full of water.

Please refer to Rule 202 Rules & Regulations

Paragraphs

- (B) If a well is to be abandoned temporarily and no casing pulled, then a plug shall be placed at the top and bottom of the casing in such manner as to prevent the intrusion of any foreign matter into the well.
- (C) When drilling operations have been suspended for 60 days, the well shall be plugged and abandoned unless a permit for temporary abandonment shall be obtained from the Commission.

Please advise this office at a very early date of your plans for the above mentioned wells.

Yours very truly,

OIL CONSERVATION COMMISSION
