Wildcat Bone Spring

Gentlemen:

Before approval can be granted to plug and abandon the above captioned well, our office will need the completion reports, the signed and notarized Deviation Survey, and copies of all logs that have been run on the well.

When the actual plugging has been done, a C-103 stating the procedure used must be filed with this office so that an inspection of the location can be made and a final approval can be given.

Enclosed you will find copies of the C-103, Sundry Notices, and the C-105, Completion Report, so that you will know what forms we are referring to.

Very truly yours
