Subject: Extension Request: FRPC 4 1 (Incident #NCS1929541151)

Importance: High

Good afternoon Cory,

As you know Hilcorp Energy has been working on the remediation at the FRPC 4 1 and has completed several sampling attempts; the latest one occurring on 12/13. Lab results for this sampling attempt should be available by the end of this week and the 90 day deadline is 12/24/19. With the holidays coming up and the possibility of additional excavation, Hilcorp would like to request an extension to the 90-day deadline to January 31, 2020. This will allow Hilcorp to perform additional remediation and sampling events, as needed, and complete and submit the final report. Please let me know if you have any questions.

Thank you,

Jennifer Deal
